EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Chad L. Thorson on 04/25/2005.

The application has been amended as follows:

Claim 31, line 21, after "the side face" add --,wherein the guide step having a front surface adjacent to the front face of the second connection part, the front surface and the front face being coplanar--.

The following is an examiner's statement of reasons for allowance:

No prior art has been found to anticipate or render obvious the presently claimed subject matter. Specifically, none of the prior art of record discloses the combination of the limitations presented including the warpage preventing protrusion formed on the guide step to provide a recess portion at a selected region of the guide step (claims 1, 27); the guide step having a front surface adjacent to the front face of the second connection part, the front surface and the front face being coplanar (claims 24, 31) the warpage preventing opening formed at a corner at which the side face, the front face and the guide step met each other, the warpage preventing opening being extended from a connection slot adjacent to the side face (claim 41).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alexander D. Gilman whose telephone number is 571 272-2004. The examiner can normally be reached on Monday-Friday, 10:30 a.m. - 8:00 p.m.
